President's Message

Curtis Ray, Jr., CPD, FASPE

February isn't just about Cupid's arrows and chocolate indulgences. Nope, February's calendar is bursting with so much more. It's also Black History Month, Library Lover's Month, National Bird-Feeding Month. As for our chapter we have our annual baseball outing on Friday February 21st when the Ray's (not me) play the Yankees. Contact Richard Little to see if there are any tickets still available.

February's dinner meeting will be our last at the Quality Inn on Adamo Drive. March we will move to the Sheraton Tampa Brandon hotel located at 10221 Princess Palm Ave, Tampa. The board of directors are excited about this move and hope you will be too. Stay tuned as more details to follow.

Another future date is our annual golf outing on Friday, April 11th at Lexington Oaks in Wesley Chapel, more details to come.

For anyone who couldn't come to our 25th Anniversary party, there are 25th Anniversary tumblers available for \$15.00 each. Email me if you are interested.

A handwritten signature in black ink, appearing to read 'Curtis Ray'.

Presenter: Scott Young, Applications and Design Engineer – Zurn Industries

Scott has 10 years of experience in roof drainage system design, specification, and installation. He has currently been focusing on testing various roof drain designs/configurations and analyzing the results to be able to calculate/predict the effects of installed conditions.

Description:

- History of testing gravity roof drains
- Two test standards have been created. What are the pros/cons of each stand?
- Tested flow vs head depth drainage results
- What trends can be found with this data/how can this be used when designing roof drainage systems?
- Effect of drain installation on flow performance
- Do drain accessories affect flow performance? By what magnitude?
- What effect on flow performance does membrane opening size have?

UPCOMING TECHNICAL MEETINGS:

February 2025 Newsletter Education Announcements

- 1) ASPE's February 2025 Book of the Month is Pumps and Pump Systems II (eBook version).
 - Through February 28, 2025, you can purchase this eBook for 25% off the regular member price. Just enter coupon code loveengineering when you check out. The discount is valid on the digital edition of this publication and the coupon code can only be used once. If you are purchasing multiple items the discount will be applied only to the assigned publication.
- 2) NEW OFFERING!
 - a) MedGas Basics
 - b) ASPE Education website, On-demand
 - Following the success of the in-person and online MedGas Workshop and continuing to fulfill the commitment to training the next generation of medical gas system designers, ASPE is pleased to announce the new MedGas Basics course. The course contains four (4) instructional videos that you can review at your leisure, and each offer 0.1 CEU upon completion.
 - Bundle Price for ASPE Members \$150 or each individual class \$50 (save \$50 when you bundle!)
- 3) March 20-23, 8-5 PM each day.
 - a) MedGas Workshop (1.2 CEU)
 - b) Live, in-person event at ASPE HQ in Rosemont (Chicago), IL.
 - 32-hour workshop is based on the parameters outlined in ASSE 6060: Medical Gas Systems Designer, a new professional qualification standard that sets forth the training requirements for designers who wish to earn the ASSE 6060 personnel certification.
 - c) ASPE Members \$2,000; Non-members \$2,350
- 4) March 4, 6, 11, 13, 25; 8-5 PM each day.
 - a) 2025 CPD Review Class
 - b) Live, virtual online event.
 - This class helps students learn HOW to study for the exam. Because there will be a high-level overview of the domains and content areas, this class will enable students to become aware of the areas they need to focus their attention on leading up to the exam. In turn, this class will be helpful to students in their preparations for the exam.
 - c) ASPE Members \$300

ASPE Membership Value

When you join ASPE, you become part of a worldwide family of plumbing engineering and design professionals and gain immediate access to their combined technical knowledge and industry support. ASPE members are leaders in the plumbing engineering industry, and joining their ranks offers invaluable networking and career-advancement opportunities. Our members benefit from ASPE's international exposure, and our involvement in national and local legislative initiatives helps strongly convey the important role of plumbing engineers and designers in the construction industry.

In addition to sharing professional knowledge, ASPE members also like to have fun. Local ASPE Chapters and special-interest groups such as ASPE Young Professionals and Women of ASPE host social networking events throughout the year. With more than 6,300 ASPE members, a fellow professional is never far away.
