President's Message

Curtis Ray, Jr., CPD, FASPE

Really, our February gas bill was \$160, this was crazy in Florida, I almost passed out.

ASPE pins are available, but you have to come to the meeting to get yours.

March 22nd will be our baseball outing; keep your eyes open for details.

Applications for ASPE's 2026 Alfred Steele Scholarship are still being accepted. If you, your spouse, child, or grandchild would like financial assistance toward a degree in engineering, apply now for ASPE's **2026 Alfred Steele Scholarship!** Up to \$5,000 in scholarship monies may be awarded to qualified applicants this year. The scholarship is limited to ASPE members and their immediate family members (i.e., spouses, children, and grandchildren). Eligible candidates must have a GPA of 3.0 or higher and be in, or plan to attend, a college, university, or technical school on a full-time basis (minimum 12 credit hours), enrolled in an engineering program. The application deadline is April 30, 2026. Log into your ASPE account and go to:

["Membership & Global Community/Membership/Alfred Steele Scholarship Application"](#)

This coming May 2026 we will be holding elections for 2026-2028 Chapter Board of Directors. If anyone has an interest in running for any position, please let me know. One position we have not been able to fill is a person to handle our social media, so if this interests you, please let me know.

As a reminder to please register for the dinner meetings so we get an accurate head count for the restaurant and you're not charged extra at the door.

I will be on vacation next week so I will miss the meeting, wishing everyone a great dinner meeting.

A handwritten signature in black ink, appearing to read 'Curtis Ray'.

Curtis Ray, CPD, FASPE

GOLD LEVEL

V.P. Education

Matthew Walker, P.E.

March 2026 Newsletter Education Announcements

- 1) **NEW** for our chapter...Does anyone have a school either elementary, middle, or high school (maybe where your kid attends!) that has an opportunity to visit to where one of us can teach/present more about plumbing engineering and plumbing design? Maybe the science classes need a guest speaker? Or maybe there's a career day in a classroom? The opportunities are endless! Please let me know directly so I can coordinate. This helps our chapter in more ways than you can think, especially on the national level!
- 2) ASPE's March Book of the Month is *Pumps and Pump Systems II (eBook version)*.
 - Through **March 11, 2026**, you can purchase this eBook for **25% off** the regular member price. Just enter coupon code **worldplumbingday** when you check out. The discount is valid on the digital edition of this publication and the coupon code can only be used once. If you are purchasing multiple items the discount will be applied only to the assigned publication.
- 3) **2026 Alfred Steel Scholarship**
 - a) ASPE member: If you, your spouse, child, or grandchild would like financial assistance toward a degree in engineering, apply now for ASPE's 2026 Alfred Steele Scholarship! Up to \$5,000 in scholarship monies may be awarded to qualified applicants this year.
 - b) The scholarship is limited to ASPE members and their immediate family members (i.e., spouses, children, and grandchildren). Eligible candidates must have a GPA of 3.0 or higher and be in, or plan to attend, a college, university, or technical school on a full-time basis (minimum 12 credit hours), enrolled in an engineering program. Previous applicants are eligible to apply.
 - c) **The application deadline is April 30, 2026.** It is imperative that the Scholarship Selection Committee receives completed applications before the deadline so they can make a timely decision. The Scholarship Selection Committee shall make the final scholarship determination and awards amounts, and ASPE's Board of Directors reserves the right to decline to award any scholarships. Recipients will be announced in July 2026.
- 4) **Upcoming Virtual Learning Day!**
 - a) FOUR (4) Live Webinar's (1 hr each) – **March 18**
 - b) Classes are as follows:
 - Commercial Valves @ 11 AM
 - Instantaneous Water Heaters @ 1 PM
 - Designing Booster Systems @ 3 PM
 - Domestic Water – Hot Water Recirculation @ 5 PM
 - c) 0.1 CEU each
 - d) ASPE Members \$99 bundle (\$30 each); Non-members \$200 bundle (\$75 each)
- 5) **2026 CPD Review Class**
 - a) Virtual Review Classes, Tuesdays & Thursdays, March 10, 12, 17, 19, 24, & 26; 6-8 PM
 - b) The workshop includes a CPD practice test (a \$50 member value). **This class is not a plumbing design 101 course, and it is not intended to teach students the material required for the exam.** This class helps students learn HOW to study for the exam. Because there will be a high-level overview of the domains and content areas, this class will enable students to become aware of areas they need to focus their attention on leading up to the exam. In turn, this class will be helpful to students in their preparations for the exam.
 - c) CEU/PDH's are NOT awarded for the classes.
 - d) ASPE Members \$300; Non-members \$500

V.P. Education

Matthew Walker, P.E.

- 6) **2026 MedGas Workshop**
 - a) **March 23-26, 8-5 PM each day.**
 - b) **Only a few spots left!**
 - c) Live, in-person event in Queens, NY (Viega Experience Center).
 - 32-hour workshop is based on the parameters outlined in ASSE 6060: Medical Gas Systems Designer, a new professional qualification standard that sets forth the training requirements for designers who wish to earn the ASSE 6060 personnel certification. 1.2 CEU upon completion.
 - d) ASPE Members \$2,000; Non-members \$2,350

- 7) MedGas Basics
 - a) ASPE Education website, On-demand
 - Following the success of the in-person and online MedGas Workshop and continuing to fulfill the commitment to training the next generation of medical gas system designers, ASPE is pleased to announce the new MedGas Basics course. The course contains four (4) instructional videos that you can review at your leisure, and each offer 0.1 CEU upon completion.
 - b) Bundle Price for ASPE Members \$150 or each individual class \$50.

ASPE Membership Value

When you join ASPE, you become part of a worldwide family of plumbing engineering and design professionals and gain immediate access to their combined technical knowledge and industry support. ASPE members are leaders in the plumbing engineering industry, and joining their ranks offers invaluable networking and career-advancement opportunities. Our members benefit from ASPE’s international exposure, and our involvement in national and local legislative initiatives helps strongly convey the important role of plumbing engineers and designers in the construction industry.

In addition to sharing professional knowledge, ASPE members also like to have fun. Local ASPE Chapters and special-interest groups such as ASPE Young Professionals and Women of ASPE host social networking events throughout the year. With more than 6,300 ASPE members, a fellow professional is never far away.
